#### GUIDE BOARD REPORT.

The guide boards remain about the same as reported one year ago, there have been no changes, and but few repairs made during the year.

We now have guide boards located at the following places: Two at North Thetford; two at John Lord's corner; one at W. L. Murphy's corner; two at East Thetford; one at H. M. Sayre's place; one near school house, district No. 3; two at Sam Strong's corner; two near H. N. Hartson's; one at W. D. Knowles' place; two at Union Village; two near Buzzell bridge; two at P. Z. Clark's corner; one near school-house at Rice's Mills; one at Campbell's corner; two at Nathaniel Kilburn's corner; one at Hotel DeCook corner; two near S. M. Gleason's; two at N. H. Porter's corner; one at J. Z. Quimby's corner; one at George Chamberlin's corner; three at Barker's corner; one at fish rod factory; two near Commodore House; two at Coburn corner; one near Post Mills church; one near Lake House; three at M. E. Davis' corner; two at Thetford Hill; and two near the Lyman Slater place.

C. C. EMERSON, Selectmen S. W. COOK, of Thetford.

Thetford, Vt., Feb. 15, 1911.

#### REPORT OF HEALTH OFFICER.

The sanitary condition of the town, for the past year has been good, and a very few complaints made.

Any one knowing of a contagious disease in this town that has not been reported, please report to the health officer, it may save a case in your own family.

We have had twelve cases whooping cough, six cases scarlet fever and five cases measles.

W. S. Gustin, Health Officer.

#### REPORT OF SUPERINTENDT OF SCHOOLS.

To the School Directors of the Town of Thetford:

As the law now requires that the report of school officers shall be made in July instead of February, I submit only a brief report at this time.

Eleven schools have been maintained throughout the year located as follows: Ely, North Thetford, East Thetford, Stevens, Thetford Hill, Thetford Center, Post Mills, Sawnee Bean, Union Village, Rice's Mills and Judd District. It seems advisable both from a financial and educational standpoint that two or three of the schools be discontinued at the beginning of the spring term. During the term just passed, there were registered at the Judd District six pupils and at Rice's Mills, seven pupils. I understand the chances are that the registration will

be less in the spring term in one of these schools if not in both. I consider it my duty to recommend that these schools be either consolidated at Rice's Mills or the pupils from both be transported to adjoining schools. At Ely six pupils have been registered each of the three terms of the school year. As one of these is a ninth grade pupil the chances are strong that the school would be even smaller another year unless some arrangement can be made with the town of Fairlee, whereby the pupils of that town residing near Ely may attend this school, my opinion is that this school should be consolidated with that at North Thetford.

Two or three of the schools have been somewhat broken up during the winter on account of several cases of scarlet fever existing in the locality of Post Mills. Owing to this fact and the epidemic of whooping cough in the town of Strafford it seemed best not to attempt a repetition of the speaking and spelling contests held last year.

The system of grading instituted one year ago has, I think, proved very satisfactory. Even the pupils who failed of promotion in the examinations held last June feel, I think, as do their parents that it was for their interest to cover the work of that grade again realizing that in the end they will make the better progress. I expect fewer failures in the examinations of next June.

Some complaint has been made to me about the heating apparatus at the school house at the Hill. I most earnestly wish an investigation might be made by some school official or by some one interested in the school to determine whether the trouble is with the arrangement of the fixtures or with its management. This school-house was constructed to meet the requirements of the State Board of Health and if possible it should be made to give satisfaction. If the defect is in the arrangement of the fixtures this defect should be immediately reme-

died, if in its management some one should be instructed in the control of the same. From my own experience I know the school-house has not been sufficiently warm for the comfort of pupils on some days of the winter term just passed.

I wish to suggest to the directors that they arrange to have the schools begin as early in the spring as the condition of the roads will permit. In looking over the school registers I find the attendance of pupils drops off considerably after the middle of June. The heat as well as the many summer amusements tend to lessen the interest of the pupil in his work. I venture to suggest that, if the conditions are favorable, the schools open April 10 and close June 16, 1911.

I wish to call attention to a few changes in the school laws most directly affecting parents and pupils. The compulsory school age has been increased one year making it now from 8 to 16. No pupil is entitled to be received in the public schools until 6 years of age. Any pupil 7 years of age who becomes enrolled must attend regularly during that term and is subject to truancy laws. Parents are asked to observe the law which requires that all children begin their first school attendance at the fall term except with the written permission of the superintendent.

Respectfully submitted.
CHAS. P. MCKNIGHT, Union Supt.

#### Report of Town Committee of Thetford Academy.

The Academy has maintained a very satisfactory school during the past year.

The course of study having been changed so that only an English and Agricultural course are given.

The number of students has been about 35.

There will be a deficiency this year of about \$400. or the same as last year.

The dicipline of the school has been very good.

Signed,

L. B. ALLEN, Chas. S. WILMOT, C. C. EMERSON,

# Report of The Thetford Public Library.

The Latham Memorial Library is rented to the town for ten dollars a year. This gives the use of three thousand volumes free to every one in Thetford old enough to read. In the same building on Thetford Hill is kept the Thetford Public Library composed of books which were given by the state or purchased by the town. The town appropriates each year thirty five dollars. Of this ten dollars go towards the Librarian's salary and ten dollars for the rent of the Latham Memorial Library, leaving fifteen for the purchase of new books.

The State has given the town this year twenty dollars worth of new books. The state has loaned three traveling libraries to the town during the year, of about forty volumes each; one located at North Thetford, one at East Thetford and one at Union Village.

From the combined Library we have sent out children's books to three schools in town, Thetford Center, Sawnee Bean and Rice's Mills.

The Library is open each school day to the students of the Academy.

Please notice the change of days when the Library is open to the public.

It is open on Tuesday afternoon from three to five and Friday evening from six to eight.

Respectfully submitted,
WILLIAM SLADE, President of the Trustees.

We Are Always Pleased To Show You Goods and Quote Prices.

# FRESH GOODS

in their season such as

# Fruits and Canned Goods.

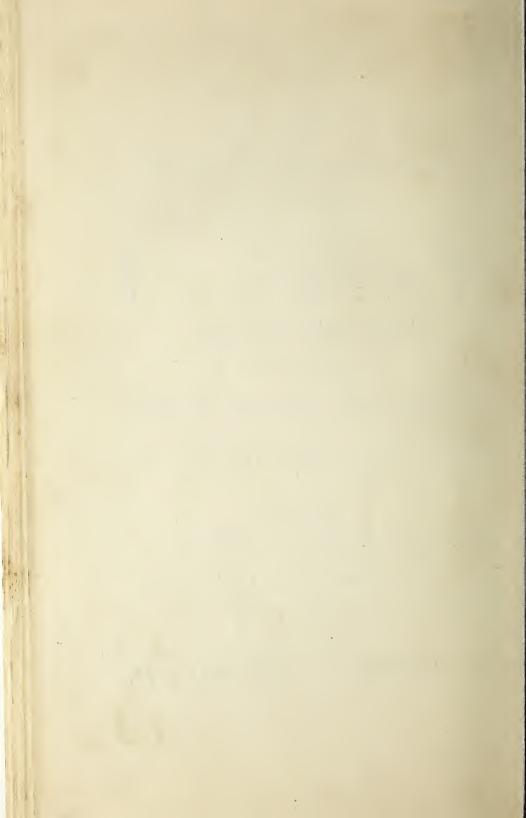

Our Teas and Coffees are the Best we can buy for the money.

#### AGENTS FOR

Brian Heaters and Sugar Tools, Pulp Plaster,
Lime and Cement, Barb Wire and Nails,
Fur Robes and Coats, Horse Clothing,
Paint, White Lead and Oil.

Yours Respectfully,

R. W. HATCH, POST MILLS, VT.

# To the Inhabitants of Thetford:

We are starting in on our Fifteenth year in business.

We come here a stranger in a strange

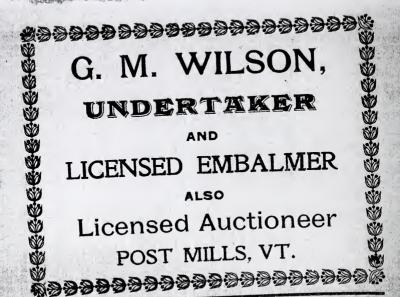

We come here a stranger in a strange land.

We have studied to supply the wants of the people, and have added to our line from time to time until we feel justified in saying we have the largest Department Store in this section.

We shall continue to study for the wants of the people, and shall endeavor to carry the largest stock of what the public may want for the every day life, and for the most fastidious, at prices that will merit your patronage and a continuance in business.

# D. M. BOND,

North Thetford, Vermont.

# INCLUDED IN SELECTMEN'S ACCOUNT ARE ITEMS CLASSIFIED AS FOLLOWS:

Total,

Cost of highway and bridge work,	\$1065	52
Cost winter work 1910-11-12,	2 I 2	03

#### Town Officers' Bills Allowed by Auditors.

L. W. Cook, services an	d expenses	as selectman,	27 39
F. H. Burr, "	- "	"	26 65
C. C. Emerson, "	"	"	25 00
W. E. Tucker, "	"	lister,	29 65
S. C. Stevens, "	"	"	31 55
D. N. Heaton, "	"	"	29 60

You will see by your Selectmen's Report that the town indebtedness has increased the past year, owing to the following reasons: first the new iron bridges, second new road machine, third redistribution of public money, fourth Town Clerk for complying with Act 104 of the Acts 1910.

#### Respectfully submitted,

L. W. COOK, F. H. BURR. C. C. EMDRSON, Selectmen of Thetford.

Thetford, Vt., Feb. 15, 1912.

The Selectmen have drawn orders for Permanent Road work for the year ending Feb. 15, 1912, as follows:

#### HEALTH OFFICER'S REPORT.

Union Village, Vt., Feb. 12, 1912.

The sanitary condition of the town for the past year has been very good with the exception of two epidemics, one of smallpox, which ran very light, and one of fever, which was caused by impure water. There have been seventeen cases of measles, twenty cases of small pox, two of mumps and one case of typhoid fever.

The State Board of Health requires anyone selling milk, to regular customers, to have a license which is good for one year, also anyone that is engaged in the meat business must have a license, this license being good for one year.

The following diseases are declared to be communicable or dangerous to the public health within the meaning of the statute, and should be reported by heads of families and physicians to the Health Officer, viz.: Typhoid Fever, Typher's Fever, Small Pox, Chicken Pox, Measles, Scarlet Fever, Whooping Cough, Diphtheria, Cholera, Mumps, German Measles and Erysipelas.

W. S. Gustin, M. D.

### Report of Town Committee of Thetford Academy.

The Academy has maintained a very satisfactory school during the past year.

The course of study is the same as last year.

The number of students have been about 33.

There will be a deficiency this year of about \$400 00 or the same as last year.

The discipline of the school has been very good.

(Signed)

H. F. WILCOX, C. C. EMERSON, GEO. W. COOK.

### Report of the Thetford Public Library.

The Thetford Public Library is kept in the Latham Memorial Library building on Thetford Hill and is composed of books which were given by the state or purchased by the town. This Library and the Latham Memorial Library of about three thousand volumes are free to all inhabitants of the town. Last year the town appropriated thirty-five dollars. Ten dollars of this money was paid for the rent of the Latham Memorial Library and ten dollars toward the Librarian's salary, leaving fifteen for the purchase of new books.

The state has loaned four traveling libraries to the town during the year: East Thetford, North Thetford, Union Village and the Grange.

The teachers in our schools ought to use the Library more than they do. The Librarian is ready to select children's books for the use of the schools if they are carefully kept and returned in a few weeks.

The Library is open on Tuesday afternoon from three tofive and on Friday evening from six to eight.

Respectfully submitted,

WILLIAM SLADE.

President of the Trustees.

February 13, 1912.

### NOTICE.

The legal voters of the town of Thetford are hereby notified and warned to meet at the town hall in said town on Tuesday, Mar. 5, A. D. 1912, at 10 o'clock A. M., to transact the following business:

Article 1. To elect a Moderator for the year ensuing.

Art. 2 To elect a Town Clerk for the year ensuing.

Art. 3 To hear and act upon the reports of the several Town Officers.

Art. 4 To see if the town will authorize and empower the Selectmen to appoint a Road Commissioner or elect by ballot, and to elect all necessary Town Officers.

Art. 5 To raise a tax to pay the endebtedness of town and for current expenses.

Art. 6 To raise a Highway Tax.

Art. 7 To raise a School Tax.

Art. 8 To see if the Town will vote any money for the benefit of Grand Army Memorial Day.

Art. 9 To see if the Town will vote any money to take advantage of the State Aid Law, and if so how much.

Art. 10 Shall license be granted for sale of intoxicating liquors in town.

Art. 11 To elect a Town Library Commissioner for five year.

Art. 12 To nominate a Trustee to Thetford Academy.

Art. 13 To see what sum if any, the town will vote for maintenance of a Free Public Library.

Art. 14 To see if the Town will vote any money for the benefit of Thetford Academy.

Art. 15 To see if the Town will vote to survey or lay out 2 Public Highway at the south end of Fairlee Lake, and if so how far.

Art. 16 To transact any other business proper to come before said meeting.

L. W. COOK, F. H. BURR, C. C. EMERSON. Selectmen of Thetford.

Thetford, Feb. 15, 1912.

Having purchased of

### HEALTH OFFICER'S REPORT.

Post Mills, Vt., Feb. 1, 1913.

During the last year the general health of the town has been good. Mild epidemics of German Measles, Chicken Pox, Whooping Cough and Measles have occurred, but owing to precautions taken by those having the disease they have not spread beyond the family where they orriginated. All cases have been contracted from out of town parties so far as known. The citizens of the town are to be commended in this direction. There has been no Typhoid Fever during the year.

Much of the sickness could be prevented by a proper attention to the water supply and sewerage. Nearly all wells situated near or below buildings showing the presence of sewerage.

A war on flies by means of the fly trap and elimination of breeding places during the early spring and summer would largely do away with this pest and prevent much trouble. The vaults to all earth closets should be screened as they are a source of great danger. Better ventilation in our houses and public buildings should be had. The common drinking cups should never be used.

The Rod Shop and G. A. R. Hall at Post Mills have been provided with proper means of escape in case of fire by building additional stairways during the past year.

The citizens of the town should remember that the sole object of the Local Board of Health and the State Board of Health is to assist you in every possible way to protect yourselves and your families and call on them whenever in doubt as to any question of sanitation or water supply that concerns public health or the health of your families,

Respectfully submitted,
L. B. Allen, Health Officer.

### SCHOOL ACCOUNT.

On account of the school year now ending July 1st the school board make no report at this time, but your auditors find that the town treasurer has received from taxes and public funds.

Highway tax,	50

### Report of the Thetford Public Library

We have received from the State this year twenty-five dollars worth of books. Of the thirty-five dollars appropriated by the town to the uses of the library, ten are paid for rent of the Latham Memorial Library, ten are paid toward the salary of the librarian, leaving fifteen dollars for the purchase of new books.

The Grange has paid one-half the cost of Bailey's Encyclopedia of Agriculture, the library paying the other half. In these volumes our citizens will find all farm subjects discussed by the best authorities. It is a very valuable addition to the library.

The early printed town reports are needed to the library. Who will present them so that the file may be complete?

The library is open on Tuesday afternoon from three to five, and on Friday evening from six to eight.

Respectfully submitted,

WILLIAM SLADE,

President of the Trustees.

Feb. 10, 1913.

#### NOTICE

The legal voters of the town of Thetford are hereby notified and warned to meet at the town hall in said Thetford on Tuesday, March 4th, A. D. 1913, at 10 o'clock A. M., to transact the following business:

Article 1. To elect a Moderator for the year ensuing.

Art. 2. To elect a Town Clerk for the year ensuing.

Art. 3. To hear and act upon the report of the several town officers.

Art. 4. To se if the town will authorize and empower the selectmen to appoint a Road Commissioner or elect by ballot, and to elect all necessary town officers.

Art. 5. To raise a tax to pay the indebtedness of town and for current expenses.

Art. 6. To raise a highway tax.

Art. 7. To raise a school tax.

Art. 8. To see if the town will vote any money for the benefit of Grand Army Memorial Day.

Art. 9. To see if the town will vote any money to take advantage of the State Aid Law, and if so, how much.

Art. 10. Shall license be granted for sale of intoxicating liquors in town.

Art. 11. To elect a Town Library Commissioner for five years.

Art. 12. To see if the town will vote any money for the benefit of Thetford Academy.

Art. 13. To nominate a Trustee for Thetford Academy.

Art. 14. To see what sum if any the town will vote for maintenance of a free public library.

Art. 15. To transact any other business proper to came before said meeting.

F. H. BURR, C. C. EMERSON, L. W. COOK,

Selectmen
of
Thetford.

Thetford, Feb. 12, 1913.

#### REPORT OF HEALTH OFFICER FOR 1913

JANUARY 29, 1914.

The health of the town has been very good during the past year.

There have been no cases of Typhoid Fever and the several epidemics of Measles, Whooping Cough and Chicken Pox have been quickly checked. The one case of Infantile Paralysis was not reported until after the case was over.

The war on flies was more or less successful. Outdoor fly traps early in the season to catch the big blow flies would if carefully used reduce this nuisance very noticeably.

The condition of the outhouses at the school houses in very few cases comply with the requirements of the law and are a serious menace to the health and morals of our children and should be remedied at once.

The School Directors in your District should be given no rest until the conditions are remedied and if necessary the State Board are ready to condemn the houses and close the schools until these matters receive attention.

Respectfully submitted,

L. B. ALLEN, Health Officer.

# REPORT OF SCHOOL DIRECTORS FOR THE YEAR 1912-13

To the citizens of Thetford, we respectfully submit the following report.

C. L. WILMOT, School Board GEO. W. COOK of Thetford.

### SUPERINTENDENT'S REPORT

To the School Directors and Citizens of Thetford;

Herewith is presented my fourth annual report as superintendent of the schools of Thetford.

Ten schools have been maintained for a period of thirty weeks or, to conform to a law passed at the last session of the General Assembly, one hundred fifty days. My books show the present registration to be 178 attending the different schools as follows:

North Thetford,	27	East Thetford,	19
Stevens,	11	Thetford Hill,	14
Thetford Center,	33	Post Mills,	2 I
Sawnee Bean,	14	Union Village,	17
Rice's Mills	11	Judd,	11

This is an increase of 3 over the registration of one year ago.

The standing by grades was:

		U	, ,							
Grade	I	II	III	IV	V	VI	VII	VIII	IX	Total
Boys	24	9	15	10	7	7	10	3	7	92
Girls	ΙI	7	Ιſ	10	14	13	5	7	8	86
			_	_		_	_	_		
Total	35	16	26	20	2 I	20	15	10	15	178

We have been very fortunate in regard to having our schools interrupted because of sickness. In some sections of the state contagious diseases have seriously interfered with school attendence. The school at Union Village was closed three weeks earlier in the winter than had been planned on account of several cases of measles. The spring term began correspondingly earlier. Except for this instance no irregularity was occasioned by epidemics. No teacher could be found to begin the winter term

at Rice's Mills until two weeks after the others had begun. A teacher was not secured for the spring term until the other schools had reopened consequently this school was two weeks later in completing the school year.

The present arrangement of eleven weeks in the fall and in the winter and eight in the spring has proven, I think, very satisfactory and I recommend the same arrangement for the ensuing year unless the school board sees fit to maintain more than thirty weeks. However, if any school director thinks it advisable to suspend the sessions of any school for a week at Christmas I would advise that an extra week be taught in the fall term to provide for this cessation. Local sentiment and conditions should determine the course to pursue in this matter. I would suggest that the fall term begin Tuesday, September, 2, 1913, the winter term, Monday, December 1, 1913, and the spring term Monday, April 13, 1914.

New floors have been laid in the school rooms at Thetford Center and Post Mills, new slate blackboards have been put in at East Thetford and minor improvements made in other schoolhouses. Receptacles for drinking water such as were suggested in my report of one year ago, have been placed in the schools where they were most needed.

I would suggest that the requests of individual teachers for inexpensive decorations and conveniences that may add to the attractiveness of the schoolrooms be granted to a reasonable extent. I have wondered many times how some children coming from attractive and well furnished homes can submit as cheerfully as they do to the bare walls, uncurtained windows and general uncongenial surroundings of some of our school buildings. There is also an argument, and a stronger one, doubtless, that a few good pictures and an attempt at color harmony should be

furnished for those children who do not have that refining influence in their homes. In return for improvements made in the interior of our schoolhouses children should be taught to conduct themselves within the schoolroom in a becoming manner. Much depends on the latitude the teacher allows the pupils along this In my opinion the conduct of pupils within the schoolroom even out of school hours should be such as is demanded in a well managed home. Carrying out this same idea I wish to state that although I fully sympathize with the teacher who has to eat a cold luncheon. I gravely question if her presence or that of someone in authority is not sorely needed at the schoolhouse during the noon hour. I seldom remain at a schoolhouse during that hour in the absence of the teacher. I do not have occasion to restrain the action of some pupil or pupils. It might be well for a director to consider this matter when engaging a teacher.

I have no other recommendations to make. I believe that, on the whole our schools compare favorably with those of other towns in the state. Our pupils taking the examinations for free tuition last year were rated among the highest in the state and I see no reason why they should not rank as well this year.

We have tried to make our policies conservatively progressive never jumping at half-tested innovations yet recognizing the progress of the times.

There has never been found a satisfactory substitute for hard work by which to obtain thorough practical efficiency in any vocation and I venture to predict that the seeker for that substitute will be busy for some time to come. Your superintendent has tried to impress upon the teachers the importance of making practical those fundamental subjects taught in our public schools. Parents can help wonderfully along this line if they will. Dur-

ing the past year the superintendent has accompanied the advanced pupils of nearly all of our schools on expeditions to farm buildings and there directed them in applying the rules of practical measurements. The measurement of hay, wood and lumber and the capacity of bins and water tubs, both circular and square, have been taken up. It is his purpose another year to extend this work including the measurement of land and other surfaces and the net profit or loss of some crops. In this connection I would suggest to parents that they follow as closely as possible the work their pupils are doing along this line and assist them in applying this instruction in and around the home.

I have in previous reports urged the people, especially the parents of pupils to visit the schools and become more fully acquainted with the work being done. I should be pleased to see the names of more visitors recorded in our school registers. However, let me say that the more I am becoming acquainted with the people of this section the more I am inclined to believe that they are following the work and appreciating the efforts being made to build up and strengthen our public schools and to give to the children of today a thorough, practical education as a foundation for their life's work.

In conclusion I wish to again record my appreciation of the almost universal loyalty and support accorded me in my work.

Respectfully submitted,
CHAS. P. MCKNIGHT

### REPORT OF THE THETFORD PUBLIC LIBRARY.

Of the thirty-five dollars appropriated by the town for the library, ten is paid for the rent of the Latham Memorial Library, which makes the use of the three thousand volumes of that library free to any resident of the town. Ten dollars is paid toward the librarian's salary, leaving fifteen for the purchase of new books.

There are now in the library, two hundred and thirty volumes. The state has given us twenty-five new books this year.

The librarian will be glad to make up from the two libraries a collection of children's books to be used in any school-room in town; these can be kept for a few weeks and of course must be well cared for.

The library is open on Tuesday afternoon from three to five and on Friday evening from six to eight.

Respectfully submitted,
WILLIAM SLADE,
President of the Trustees.

Jan. 28, 1914.

### TOTAL COST OF BRIDGE AT THE FOOT OF FAIRLEE LAKE

new abutment of cement, other abutment laid over part of it in cement and raised 2 ft.

Iron bridge cost

Bridge 33 ft. long with 12 ft. roadway and iron bridge with iron railings each side with iron rail approaches 20 ft. long on each corner, bridge covered with cement.

\$225 50

Tron bridge cost,	#333 3 <sup>Q</sup>
Labor, cement, freight and team work,	375 60
Fill each side of the bridge for several rods to raise	9
up the highway and approaches to bridge,	167 50
	\$378 60
Total cost of the bridge near the creamery at North	ı 1
Thetford and the bridge near the school-	-
house at North Thetford; these bridges are	
made of cement	\$177 82

For the information of our town's people that do not understand the matter fully regarding our poor farm, which was given us by the late Anna B. Poor, this farm is to be used for the benefit of the town not strictly as a poor farm but as a home for any deserving poor the Selectmen may think advisable to place there. This place is in a badly run down condition, buildings and land, but by our report you can see that we have commenced repairs and improvements on the property.

Having put the barn in fairly good condition, also had water brought to the house and barn, fences put in good shape as there were no fences when we took the farm, most of them are now made of new wire.

The pasture we have commenced trimming up and many other improvements.

Another year the house will necessarily be put in repair. We made a trade with Mr. Chas. Bacon for one year with the understanding he stay longer if all parties were agreed. The farm is appraised by men of good judgement at \$2000 in the run down condition it was when we received it.

And we expect after a few years to have the farm in shape, so that there will be a satisfactory income from it,

We sold in personal property from the farm,	\$183	78
Rent of farm for one year,	50	00
Paid out in repairs and improvements a total,	235	37

F. H. BURR Selectmen of C. C. EMERSON Thetford

Jan. 21, 1915.

The Selectmen have drawn orders for State Road Work from May 22, 1914, to Jan 30, 1915.

R. H. Wilson, cutting bushes and building fence, \$ 30 00 1-2 culvert at E. Thetford by R. H. Wilson, town paid 1-2, 60 00

The job near A. B. Palmer's commencing June 6th of which the state pays 1-2 and the town the balance.

### HEALTH OFFICER'S REPORT

The health of the town the past year has been very good.

There has been one case of diphtheria brought from New York with isolated cases of Mumps, German Measles and Chicken Pox, all of which have been easily controlled.

The condition of the school houses at E. Thetford, Union Village and Sawnee Bean have been much improved and with a few minor changes would be in satisfactory shape.

The sewerage disposal at the N. Thetford creamery has been the cause of much complaint, but the local Board of Health have found the management willing to remedy the difficulty so far as they could, and while the results are not all that could be desired, yet the Board have not felt it to be a sufficient menace to the public health to justify making changes that would be so

expensive as in all probability to close the creamery and so cause great loss to the farmers in the town.

We wish to extend to the citizens of the town the thanks of the Board for the hearty manner in which they have cooperated with them in the report of contagious diseases and the observance of the quarantine when established, so that practically no disease has spread within the limits of the town.

We believe that a proper attention to the common colds and grippe, with an abundance of pure air in our homes and places of public meeting, will greatly reduce these conditions and add to the health and wealth of the town, even though it decreases the income of its physicians.

Respectfully submitted,
L. B. Allen, M. D., Health Officer.

## SUPERINTENDENT'S REPORT

To the School Directors and Citizens of Thetford:

My fifth annual report as superintendent of the public schools of Thetford is herewith presented.

Ten legal schools have been maintained for a period of thirty weeks. At the close of the school year pupils were attending the different schools as follows:

No. Thetford,	15	Post Mills,	2 I
E. Thetford,	19	Swanee Bean,	14.
Stevens,	10	Union Villag <b>e</b> ,	14
Thetford Hill,	I 2	Rice's Mills,	14
Thetford Center,	33	Judd,	8

Four Thetford pupils have attended the school at Ely. This school has been in charge of the town of Fairlee.

The registration by grades was as follows:

Grade	I	II	III	IV	V	VI	VII	VIII	IX	Total
Boys	17	9	9	20	10	10	4	4	I	84
Girls	8	7	7	10	I 2	6	17	6	3	76
		_						_		
Total	25	16	16	30	22	16	2 I	10	4	160

The total number of days of attendance of all pupils of the town was 21,260. The total number of days of absence was 1291 1-2. The actual attendance was 94,6 per cent of the possible attendance. Of these 1291 1-2 days of absence, 214 1-2 days were caused by eight pupils, two girls 15 years of age and six boys between the ages of 12 and 15. Only in one case, that of one of the girls before mentioned, was illness the cause of this non-attendance. The perc ent of the attendance for the entire towns was good, and had a large part of the absence been by young children who cannot and should not be expected to attend on days extremely stormy or excessively cold, your superintendent would not have felt it his duty to give you these figures for your consideration.

It is a fact to be regretted, however, that nearly one-sixth of the absence was caused by one-twentieth of the pupils and these, boys and girls for the most part well and strong and of an age when they should attend school. I would most strongly impress upon parents that there is a very close relationship between non-promotion and non-attendance. Of the eight pupils mentioned six failed to pass their grade this year and the other two have failed previously, either last year or the year before. No boy or girl of the higher grades can afford to lose a day of school unnecessarily if he wishes to keep up with his class. Our course of study is so arranged that, in my opinion, very few failures of promotion would occur in the higher grades if the pupils would attend regularly and perform the daily work of which they are capable, assuming of course, that the teacher does her part, as I am glad to say, most of them are doing.

In all sincerity I ask, "Can any parent, interested in the progress of his child, as he should be, afford, except in cases of utmost emergency, to keep that child out of school to work?"

I would recommend that the present arrangement of terms be continued, namely: eleven in the fall and in the winter and eight in the spring, and that they begin as follows: the fall term, Tuesday, September 8, 1914; the winter term, Monday, November 30, 1914; and the spring term Monday, April 12, 1915.

Free tuition certificates were issued to three pupils as a result of the examination held May 21-22, 1914. Those receiving certificates were Albertina M. Dailey of North Thetford, Arlo W. Hatch and C. Augustus Vaughan of Thetford Center.

No changes in textbooks have been made during the year just closed and none are planned for the immediate future.

Several schoolhouses are in need of minor repairs and I have reason to believe that most of these will be made during the coming summer vacation. On the whole I think our school buildings compare favorably with those of surrounding towns.

Cooperation on the part of the parents, teachers, pupils and all school officials is the thing needed to make our schools most efficient, and in conclusion I wish to urge upon the citizens the importance of loyalty and pride in making our schools among the best in the state. I do not believe people begrudge money economically spent for education.

Respectfully submitted,

Chas. P. McKnight.

June 16, 1914.

We have examined the accounts of the several town officers and find them correct, and would respectfully call your attention to the list of property belonging to the town which the selectmen have included in their report, and also to the fact that the Grand List is about \$600 more, owing to the quadrennial appraisal of the real estate, which makes the Grand List at the present time \$6444.98.

Thetford, Vt., Jan. 21, 1915.

## Report of the Thetford Public Library

The thirty-five dollars appropriated by the town under a recent law of the State is expended annually as follows:

Ten dollars is paid for the rent of the Latham Memorial Library, which makes the use of that library free to every resident of the town, ten is paid toward the librarian's salary and fifteen is used for the purchase of new books. The State has given us twenty-five new books this year.

The librarian will be glad to make up from the two libraries a collection of children's books to be used in any school room in town; these can be kept for a few weeks and of course must be well cared for.

The Library is open on Tuesday afternoon from three tofive and on Friday evening from six to eight.

Respectfully submitted,
WILLIAM SLADE, President of the Trustees.

## WARNING

The Legal Voters of the town of Thetford are hereby notified and warned to meet at the Town House in said Thetford on Tuesday, March 2, A. D. 1915, at 10 o'clock A. M. to transact the following business:

- 1. To elect a Moderator.
- 2. To elect a Town Clerk.
- 3. To hear and act upon the reports of the several town officers.
- 4. To see if the town will authorize and empower the selectmen to appoint a Road Commissioner or elect by ballot and to elect all necessary town officers.
- 5. To raise a tax to pay the indebtedness of the town and for current expenses.
  - 6. To raise a highway tax.
  - 7. To raise a school tax.
- 8. To see if the town will vote any money for the benefit of the Grand Army Memorial Day.
- 9. To see if the town will vote any money to take advantage of the State Aid Law and, if so, how much.
- 10. Shall license be granted for the sale of intoxicating liquor in town.

Shall licenses of the Fifth Class be granted in town.

- 11. To elect a Town Library Commissioner for five years.
- 12. To nominate a Trustee for Thetford Academy.
- 13. To see what sum, if any, the town will vote for maintenance of a Free Public Library.
- 14. To transact any other business proper to come before said meeting.

F. H. Burr, C. C. EMERSON, Selectmen of Thetford.

Thetford, Vt., Feb. 15, 1915.

345	C. C. Emerson, 23 days' service as selectman	
	and expenses	43 08
346	F. H. Burr, 31 days' services and expenses	
	as selectman	58 60
	-	
	Total of orders drawn \$15	,040 23

#### Cost of the Barrett Bridge

Bridge complete	\$ 584 00
Removing old bridge and building temp'y bridge	121 75
Cement for abutments and drawing same	224 42
Tools, materials and freight	98 48
Grading, straightening road, and railing	127 57
Labor on abutments for bridge	1,072 02
-	

\$2,228 24

Town has laid out on the Poor Farm this year including the building of a large shed for housing the town tools \$502 86.

This puts the buildings in good shape so that the farm should be rented yearly for enough to soon pay up the outlay made.

F. H. Burr,	Selectmen
C. C. EMERSON	of
W. E. Tucker	Thetford

February 1, 1916.

The Selectmen have drawn for State road work:

### Superintendent's Report.

To the School Directors and Citizens of Thetford:

I present herewith my sixth annual report as superintendent of the schools of Thetford, it being the eighth in the series of Union Supervision.

Ten schools have been maintained for a period of thirty weeks as required by law. On December 21, 1914, the school at Potato Hill was re-opened and sixteen weeks of school has been taught in this school. The school is to be continued in the fall of 1915.

The registration of pupils in the different schools at the close of the spring term was as follows: North Thetford 17, East Thetford 19, Stevens 21, Hill 13, Center 34, Post Mills 20, Potato Hill 9, Sawnee Bean 14, Union Village 15, Rice's Mills 13, Judd 9; total 184.

The registration of pupils in the different schools varies but little from that of one year ago except in the Stevens school where the number of pupils has almost doubled. The number of pupils now in attendance there is far too many for the size of the room.

The standing by grades at the end of the year, previous to promotion, was:

Grade Boys										
Girls	20	4	9	7	11	7	6	17	4	85
Total	51	12	18	20	30	12	14	22	5	184

The total number of days' attendance of all pupils was 22,545½. The actual attendance was 94.5+ percent of the possible attendance. Nineteen cases of truancy have been reported throughout the year.

Quite extensive repairs were made at Sawnee Bean during the summer vacation and the building is now a pleasant and comfortable one, conforming, I think, to State requirements. Satisfactory improvements were also made at Union Village. If the present number of pupils continues at the Stevens it is imperative that the school-room should be enlarged. A new floor and blackboards should be gotten anyway. New floors are needed at North Thetford and Rice's Mills and other minor improvements should be made at Rice's Mills. Otherwise I think the schools are in a reasonably satisfactory condition.

Under an act passed by the General Assembly of 1915 thirty-four weeks of school must be maintained during the school year beginning July 1, 1915. This means that Thetford must have four more weeks of school than has recently been held. Agreeably to this act I would suggest that the terms be arranged as follows: a fall term of twelve weeks beginning Monday, August 30, 1915; a winter term of thirteen weeks beginning Monday, November 29, 1915 with a vacation of one week at Christmas; and a spring term of nine weeks beginning Monday, April 10, 1916.

During the year free tuition certificates were issued to the following pupils: Emma E. Coombs, Thetford Hill; Dorothy M. Allen and Karl D. Bailey, Post Mills; Louise M. Cadwell and Ida H. Wise, East Thetford; Ruth E. Holway and Jessie Vaughan, Thetford Center.

There is a tendency on the part of pupils to enter high school prematurely. As in previous reports I have made I would again impress upon the minds of parents the advisability of keeping their children in the grades until they have obtained a good foundation in the fundamental elementary school subjects.

In my opinion we have just completed the most satisfactory school year since I have been connected with the schools of Thetford. I attribute this largely to the fact that so few changes have had to be made in the teaching force. Only one change has been made throughout the year.

Under the new school law the position of local superintendent becames appointive by the State Board of Education instead of elective by the local school boards. I wish to express my appreciation to the local board of Thetford for the hearty support they have given me during the six years I have served in their employment and to extend to the teachers and citizens of Thetford my thanks for their loyalty and support in promoting the policies of our school system.

> Respectfully submitted, Charles P. McKnight

West Fairlee, Vt., June 25, 1915.

#### Report of Health Officer

February 2, 1916.

There has been very little contageous disease in town during the past year.

A mild epidemic of chicken pox in January, two cases of scarlet fever in June and one case of smallpox in July, and one case of typhoid fever, all of which, so far as we could learn, originated out of town.

A large number of grippe cases are now previlent and can be much reduced by proper care to guard against contagion and by proper ventilation.

L. B. ALLEN, Health Officer.

#### **Cemetery Trustee's Report**

Received of Henry A. Field, executor of the will of Mrs. Mary W. C. Field of Grinnell, Iowa, \$100 as a trust fund for the care of the "Bond" lot in the old cemetery near Union Village, agreeable to the laws of Vermont made and provided for such trust funds to a town.

Paid E. C. Bond \$1.50 for work on Bond lot in A. D. 1915, as per Selectmen's order No. 280.

Balance due and unexpended on Bond lot to Feb. 1, 1916, \$1.16. E. N. HEATON,

Town Treasurer and Cemetery Trustee.

351 00

## Report of School Directors for Year Ending June 30, 1915

The School Board begs leave to submit that, according to instructions at the annual Town Meeting in March, they attempted to make arrangements to take over the control of the institution by making a contract with the trustees of Thetford Academy.

The contract proposed by the School Board was as follows:

Proposition of School Board of Thetford to the Trustees of Thet-

ford Academy:

First—The institution shall be known as Thetford Academy and Town High School.

Second—The agreement entered into by the town and trustees of Thetford Academy shall be for a period of five years, unless the town votes to discontinue the high school, or a majority of the Board of Trustees vote to again take over the control of the Academy. In case the town votes to discontinue the high school, it shall be surrendered to the trustees without recompense for money expended in repairs and alterations.

If the trustees by a majority vote of their entire number decide to take over the school, they shall give at least two years' notice to the School Directors and shall recompense the town for two-thirds the amount expended in repairs and alterations.

No transfer of authority shall be made except at the end of the school year in June.

At the end of five years the arrangement shall continue as both parties can agree.

Third—The income from the funds of Thetford Academy shall be turned over to the Town Treasurer as soon as received and a list of the investments, with the amount and character of each, the amount of income derived from each, and the time it becomes available, shall be filed with the Town Treasurer.

Fourth—The School Board shall maintain the institution as directed by the voters in town meeting and subject to the re-

quirements of the State Board of Education to constitute a high school.

Fifth—Any repairs or alterations made by the School Board shall be with the approval of a majority of a committee of three trustees chosen from among their number, otherwise the institution to be managed by the School Board as they see fit and according to the vote of the town as before mentioned.

Sixth—This agreement to take effect July 1, 1915.

We were to learn the decision of the Trustees by June 15, 1915.

We have never received any official communication from the Trustees, but from an article in a local newspaper we assume that the proposal was rejected and that the institution will be controlled under the same management as in the past.

GEO. W. COOK,
C. S. WILMOT,
School Board of Thetford, Vt.

### Report of the Thetford Public Library

The \$35.00 appropriated by the town is spent as follows: Ten dollars goes for the rent of the Latham Memorial Library, making the books in that library free to all the citizens of the town; \$10.00 is paid toward the librarian's salary and \$15.00 is used for the purchase of new books. These are labeled as belonging to the Thetford Public Library and do not belong to the Latham Memorial Library.

The point we wish to urge is that the \$25.00 given by the

State each year in new books is given with the understanding that there shall be a liberal and constant use of the libraries by our district schools.

The teachers are therefore urged to make use of the books in every possible way, especially in supplementary reading. The librarian will do everything in her power to aid the teachers. The library is open on Tuesday afternoons from 3 to 5 o'clock and on Friday evenings from 6 to 8 o'clock.

Respectfully submitted,

WILLIAM SLADE,

Feb. 2, 1916.

President of Trustees.

# WARNING

The legal voters of the Town of Thetford are hereby notified and warned to meet at the Town House in said Thetford on Tuesday, March 7th, A. D. 1916, at 10 o'clock A. M. to transact the following business:

- To elect a Moderator.
   To elect a Town Clerk.
- 3. To hear and act upon the reports of the several Town Officers.
- 4. To see if the town will authorize and empower the Selectmen to appoint a Road Commissioner or elect by ballot and to elect all necessary Town Officers.

5. To raise a tax to pay the indebtedness of the town

and to pay current expenses.

6. To raise a highway tax.7. To raise a school tax.

8. To see if the town will vote any money for the benefit of the Grand Army Memorial Day.

9. To see if the town will vote any money to take ad-

vantage of the State Aid Law, and if so, how much.

10. Shall license be granted for the sale of intoxicating liquors in town?

11. Shall license of the fifth class be granted in town?

12. Shall an act of the General Assembly, 1915 entitled an act to prohibit the sale of intoxicating liquors become a law May 1, 1916.

13. To elect a Town Library Commissioner for five

years.

14. To nominate a Trustee for Thetford Academy.

- 15. To see if the town will exempt from taxation for the term of five years an Electric Light and Power plant, the generating plant to be located at the power site formerly owned by C. W. Sayre, if said plant is in operation within one year from date.
- 16. To see if the town will empower the Selectmen to place markers at the head of all soldiers' graves in town, whether Revolutionary or Civil war soldiers, that haven't them; also to put on record a list of the names of said soldiers and where buried.

17. To transact any other business proper to come before said meeting.

F. H. BURR, C. C. EMERSON, W. E. TUCKER, Selectmen of Thetford.

Thetford, Feb. 15th, 1916.
